ATOM

CARABINER

PAT. PEND.

Ref. 2921 - 2922 - 2923

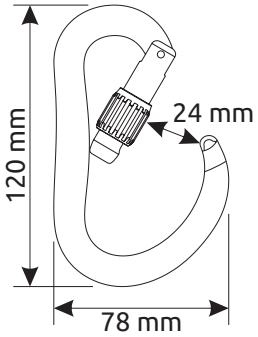

ROPE ACCESS, TREE CLIMBING, TEAM RESCUE, CONFINED

Our most technical aluminum alloy carabiner.
Its innovative design perfectly combines the strength of the D shape with the large width of an HMS carabiner.
SphereLock closure prevents snagging during use and increases safety.

ATOM Lock
292103

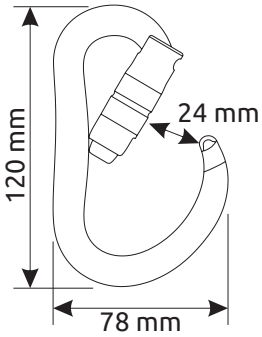

Screw gate locking system with closure indicator.

ATOM 2Lock
2922

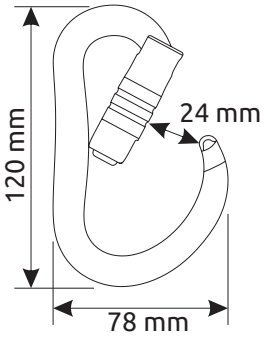

Automatic lock requires two actions to open: twist and pull.

ATOM 3Lock
2923

Automatic lock requires three actions to open: slide, twist and pull.

Low profile locking nut with improved grip

Ref.292101 Ref.292101 Ref.292101

Proprietary **SphereLock** closure for the lowest profile nose and extra security from a ball and socket instead of the traditional lock and key
